KU Alumni, Family & Friends Scholarship Fund

Sponsored by, **KU Alumni, Family & Friends.**

We are proud to announce the creation of a new scholarship fund honoring our many members that have been part of our lives over the last 31 years.

The mission of Kids Unlimited is to provide a safe stage for youth to perform. KU Studios fosters individualism, confidence, and creativity within their performers. We also have a large involvement with the community by performing small shows across the Tucson area including nursing homes, fundraising events, and Salvation Army holiday events. The values children gain while learning music includes self-discipline, dedication, teamwork, knowledge, continuous improvement, self-confidence, humility, hard work, goal setting, and practice. Please consider helping a child explore music in a safe and nurturing environment by choosing one of our sponsor levels.

Won't you consider being a sponsor?
