Back by popular demand! "Glimmers Camp"

Based on the award-winning Author Robert Agnello book GLIMMERS-, full of magical adventure and original music. Glimmers are little beings of light that surround everything that's good. Glimmers of truth, respect, hope, compassion and more, lessons that are so important for our young campers to learn. Campers will listen to stories from these wonderful books, sing original songs and come away with valuable lessons in our light filled, colorful "GLIMMER WORLD". The week-long camp will conclude with a costumed performance by our "light filled" campers!

Kevin Johnson of Arizona Onstage Productions Presents Making it Happen in Film and On Stage

This very selective group of young talent (no more than 20!) will spend the week learning secrets and tips on how to audition for a play or film, how to get their foot in the door in approaching casting agents - as well as understanding script and character creation for the young thespian. We will be writing, directing, acting and filming our own class created script so that students can see their creation on the big screen. We will also have professionally shot headshots for helping market young talents including approved and edited resumes. We will also take some time to have fun with learning comedy improvisation games. Our camp will culminate in a showcase of improv skits as well as the screening of our own student created movie! All students will receive a copy of our movie on DVD as well as a hard and digital file (to use as you will) of their beautiful pro headshot! This headshot/resume has a \$150 value! Healthy Snacek provided. Bring a sack lunch.

June 26th-30th 9 am to 4 pm Ages 8-12
